

2014 CALENDAR

Briggs & Stratton has been actively involved in racing over 80 years. Racing is in our DNA, a DNA that is infused into every engine we build today. We would like to thank our racers for allowing us to be a part of your family, and for sharing the same passion that brings us all together. You motivate us each and every day. Best wishes in 2014.

David Klaus, Director - Briggs & Stratton Racing

BRIGGS & STRATTON

Houghton Michigan is known for two things, Michigan Tech University and SNOW. So why not bring the two together and invite schools to compete in a Winter Baja? Well, they have, and the result is a brutal test of engine (specifically the Model 20), vehicle, and the human spirit. Here, the #30 of UW-Milwaukee puts a wheel in the air as they race against competing colleges from around the Midwest.

Regan Vehring leads a hungry pack of Briggs Animal racers down the back shoot of Blackhawk Farms during a recent stop on the CES Enduro Series. While I don't know if Regan went on to win, I do know two things: First, being in the lead at a track where drafting is everything, makes you a sitting duck. Second, the racer pointed in the wrong direction I'm sure didn't win.

Rob was not only racing in the biggest race on the Canadian karting calendar, he was also announcing and posting updates to Ekartingnews.ca throughout the event. I almost felt guilty just enjoying some great racing.....almost. :)
